

A FOUNDATION THAT LASTS FOREVER

Students in Primary School (PS) grow academically, emotionally and socially while developing a passion for learning. We want them having fun. We want them learning the importance of kindness. We want them asking questions. And, we want them discovering, creating and building the solutions.

Primary School Features

- From building custommade creations in our Robotics Program, to digging their hands into the soil and harvesting vegetables from our Giving Garden, we believe children learn best by doing
- Detailed handwriting, keyboarding and reading/writing curricula
- Daily fine or performing arts and physical education
- Regular access to world language instruction, computers and individual iPads

5:1

Student to teacher ratio

Activities and leadership opportunities including: Water Stream Testing, Choir, Student Council, Scouts, Chess and Basketball

Full-time teacher and assistant in every classroom

WHY THE PRAIRIE PRIMARY SCHOOL?

The Attention Your Child Deserves

Every Primary School (PS) classroom has a full-time teacher and teacher's assistant with an overall student to teacher ratio of 5:1. This kind of attention allows our expert teachers to identify and focus on each child's individual needs.

Mentoring Relationships

Prairie's deliberate pairing of every PS child with a student in MS or US helps foster mentoring relationships. Older students encourage mentees to think about the world in different, exciting ways; inevitably, our PS students begin looking forward to when they'll be the ones offering advice.

Working Together

Parents are always welcome on campus, always invited into the hallways and classrooms. We're proud of the passion here, and our families are encouraged to jump in and participate.

Experience Prairie For Yourself

Witnessing the passion, creativity and energy permeating our school each and every day is the best way to understand the power of Prairie. Call or visit us online to schedule the visit that will change your child's life.

Prairie's Compass Team

Under the direction of Primary School Head Kathy Boero, our Compass Team works with students and families as needed to make sure every student is met on their individual learning level, thus supporting academic achievement and ensuring overall success.

- **Learning Specialists** work with teachers, students and families to identify strengths and challenges which leads to a detailed, customized plan for each learner.
- **Academic Support Teachers** including Reading and Math Specialists, an English Language Learner (ELL) Teacher and a Speech & Language Therapist.
- Prairie's **Director of Educational and Counseling Psychology** supports emotionally secure relationships that enforce academic and social success for each student.
- A full-time **School Registered Nurse** provides medical care, health assessments and wellness counseling for the entire Prairie community.
