

# Crazy 8's Math Club

In this club we explore math through a variety of hands-on games and activities including Bouncy Dice Explosion, Glow In The Dark Geometry, and Toilet Paper Olympics. Each 8 class session will provide various ways to show how fun math can be. We will offer 3 sessions throughout this school year. You can sign up for one or all of the sessions offered. There is no charge for this club, but there is a limit of 16 participants per session.
