

5th Grade Summer Reading Guide

Dear Parents and Students,

Welcome to the 2022 Summer Reading Guide for 5th Grade. Here you will find a list of the book choices for English. You will also locate instructions and expectations for the activities/projects we would like students to complete for the beginning of the 2022/23 school year.

As we've asked you to do in the past, please acquire your summer reading choices on your own, from wherever you like, at whatever price point you like (new or used, purchased or borrowed from a friend or the public library), in whatever medium you like (traditional paperback, online, iBook, Kindle, or audiobook). Unless a particular edition or translation is indicated, any copy will suffice. We hope you are able to find something that fascinates you in some way.

Initiated by the English Department in 1975, required summer reading has long been a tradition at The Prairie School. The Department believes that reading and learning should end neither in June nor with the curriculum, and strongly encourages students to take advantage of the time to read literature of their choosing — even above and beyond what we ask them to read for school. No matter the grade, required and independent reading helps students practice and improve their reading, writing, and critical thinking skills. It also provides a common reading experience among students in the same class and enhances future classroom activities.

Have a wonderful summer of reading!

Sincerely,

Susan Holum
Primary School Head

- Any book from the ***Mr. Lemoncello’s Library series*** (Chris Grabenstein)

- ***Save Me a Seat*** (Sarah Weeks, 2016)
 - Ravi has just moved to the United States from India and has always been at the top of his class; Joe has lived in the same town his whole life and has learning problems--but when their lives intersect in the first week of fifth grade they are brought together by a common enemy (the biggest bully in their class) and the need to take control of their lives.
- ***A Whole New Ballgame*** (Phil Bildner, 2015)
 - Rip and Red are best friends whose 5th grade year is nothing like what they expected. They have a crazy new tattooed teacher named Mr. Acevedo, who doesn’t believe in tests or homework and who likes off-the-wall projects, the more “off” the better. They also find themselves with a new basketball coach too. But together these two make a great duo who know how to help each other--and find ways to make a difference--in the classroom and on the court.

Nonfiction

- ***Bugged: How Insects Changed History*** (Sarah Albee, 2014)
 - There are about ten quintillion insects in the world and some of them have affected human history in tremendous ways! For as long as humans have been on earth, we've co-existed with insects...for better or for worse. Once you begin to look at world history through fly-specked glasses, you begin to see the mark of these minute life forms at every turn. Beneficial bugs have built empires. Bad bugs have toppled them. *Bugged* is not your everyday history book.
