

## Upper School AP Summer Work Guide 2026

Included in this document are links to specific AP courses' resources and explanations of the work to be completed over the summer, as set by the course instructors. For many courses, you will also find the **code to the course's Google Classroom** so you can access instructions, expectations, and deadlines, as well as have a contact point with the instructor. All work is designed as a way to provide a foundation for the class and assist students in their preparation for the rigor of an AP-level course. The completion of summer work is an expectation for continuation in a course.

### English:

## AP English 12

All instructions and assignment information can be found in Google Classroom (code: **rmpacf5l**).

Everyone should read the required book and one choice book:

- [\*Crime and Punishment\*](#): must get this translation! (Fyodor Dostoevsky)
- Choice Book for AP Portfolio (see instructions and requirements in Google Classroom: **code: rmpacf5l**)

**NOTE:** These directions can also be found on the Summer Reading document. Ms. Davis will give you separate instructions, activities, and due dates via Google Classroom before school's end.
