

2026/2027 Upper School Athletic Registration Information

Registration

Registration for 2026/2027 athletics will open on Wednesday, July 8. Please see specific sport season registration deadlines:

- Fall Sports: 12PM, Monday, August 3, 2026
- Winter Sports: Monday, November 3, 2026
- Spring Sports: Monday, March 1, 2027

Failure to meet the deadline will delay your family's ability to receive team communication and may delay the start of your child's season.

The Metro Classic Conference has moved all scheduling to a new platform, [Bound](#), that will also serve as our registration provider.

All athletes and managers must register through Bound, a fully automated, secure online login system. Please note, it is unlawful for a student to register himself/herself and electronically sign for a parent.

- **Families of all athletes and managers:** You must create a family account through Bound. [Click here](#) for instructions.
- If you would like multiple parents/guardians to receive team information, please be sure to add each guardian to your family account.

The following information is required to register all athletes for US sports:

- Contact information for parents/guardians and emergency/alternate contacts
- Student Prairie School email address (do not enter a parent's or personal email address for the student)
- Student cell phone number (if your child does not have a cell phone, leave this space blank)
- Medical information, including health insurance information, a list of prescriptions, and the date of your child's most recent physical exam (see below)

The WIAA, the State of Wisconsin, and The Prairie School require all US athletes and at least one parent/guardian to complete preseason education prior to participation each season.

For athletes in a fall sport, an informational document will be sent to athletes and guardians on **Monday, August 10th** from the Prairie Athletic Department. The document will cover WIAA rules and regulations, the TPS Athletic Code, athletic injuries/concussions, nutrition, as well as team-specific expectations, rules, and responsibilities. After reviewing the document, you will be prompted to complete the mandatory quiz.

Physical Exams

All students registering for US athletics must file **two** current health forms before the first practice, and will be ineligible to participate in practice or competition until they are submitted. Physical exams must be dated on or after **April 1st, 2025** to be considered valid. Please file all forms electronically on the Bound portal and retain the original for your records.

1. **WIAA Medical Eligibility Form:** This form is required for all upper school athletes. If your child is due to file a WIAA Medical Eligibility Form, [click here](#) to print the downloadable form. This form must be filed electronically or emailed to [Kayla Zeno](#), Assistant Athletic Director.
2. **Prairie's Health Physical Form:** A TPS [Health Physical Form](#) must be filed electronically on the Bound portal or emailed to [Kayla Zeno](#).

Fall Start Dates

First Practice by Sport (Dates are subject to change)

Start Date	Sport	Head Coach
Mon., August 10th	Girls' Golf	Carrie Massey
Tues., August 11th	Girls' Tennis	Nich Schafer
Tues., August 11th	Girls' Swim (co-op with SC)	TBD
Mon., August 17th	Cross Country	Shawn Burwell
Mon., August 17th	Girls' Volleyball	Kei Kondo
